

Humancoin is doing an airdrop in collaboration with [AirdropAlert.com](https://airdropalert.com) to build a community and distribute the tokens to a wide network. The cap is 30,000 participants. Each person will receive 2000 HUMA (~\$20) and 200 HUMA (~\$2) per friend you refer.

How does the airdrop work?

You need to follow a few easy steps which includes joining our Telegram, Twitter & Reddit. Please fill in the submission form provided by AirdropAlert and follow the instructions on the page. The airdrop is limited to 30,000 participants and will close once the cap is reached. Joining our community will keep you updated with all events and progress of Humancoin for the Token Sale and Airdrop.

To be eligible for the airdrop each participant's email address of registration on Humancoin website should match the corresponding email that he/she specified on the airdrop form. Humancoin will contact each airdrop participant post July 1st with a request to join their platform. This is mandatory to be eligible for the airdrop.

Phase Airdrop

This type of Airdrop re-opens in phases over several weeks. Everyone can participate in an entire Phase Airdrop only once. For example, if you missed out on phase one, you have to wait for phase two. If you joined during phase one, you can't join in the next phases.

A Phase Airdrop will have a lower cap for each phase, for example 5000. Each phase will last several days or until the cap of the phase is reached, the next phase will then be automatically re-opened later on a fixed interval. This gives time for Humancoin to process the incoming traffic.

Phase Airdrop may include a referral reward system. The referral link obtained in the first phase, can be used for all the phases of the Humancoin Phase Airdrop. For example, you joined in the 3rd Phase and obtained the referral link, you can then use this link for all the phases that come afterwards. Read more about [Phase Airdrops](#) in

our blog.
